### Making Brooms

The broom factory is nearly in full blast and turning out not only a lot of brooms daily, but the best brooms we have seen on the market. The product of the factory is not for sale at retail, but the trade will handle them either direct or thru jobbers.

The company engaged in this enterprise is, C. C. Carlstead Pres. Dr. E. R. Carlstead Treas. and Sec. and George Carlstead General Mgr., R. Newcomb of St. Louis, an expert at making all sorts of brooms out of anything that will stick on a stick, is in charge of the mechanical department and handling the machine of most importance. There are two of these machines two for stitching, two for cut off purposes and a motor driven seeder besides a lot of smaller tools.

Dad Sullivan is the handy man at either of the machines or anywhere at anything in the factory Larry Swearingen looks after the preparation of the brush after it is sorted by Roy (Skeeter) Davis, col., the boy who can do more things well than any other his age we know. There will be two others added to the force the first of the week, then brooms will appear as tho they "grew" according to Skeeter.

What is noticeable more particular is the quality of the brooms being made. By comparison with several other makes the brooms being turned out at this factory appear to have much more to them for the same retail price. If these brooms do not stand usage until worn down to the handle it is because the handle has been used up in other domestic occupation than sweeping.

We are proud to have such enterprise shown and bespeak for the promoters a ready market and fair profit. If you have enough broom corn to make a broom, bring it in and get the highest market price.

### Trustee's Sale by Sheriff

Whereas, James Curtis Richardson and Mary Richardson, his wife, by their certain deed of trust, dated the 30th day of August, A. D. 1913, and recorded in deed of trust book 42, on page 389, in the recorder's office of Chariton County, Missouri, conveyed to H. C. Miller, as trustee, all their right, title and interest in and to the following described real estate, situate, lying and being in the County of Chariton, State of Missouri, to-wit:

All of Lot Two (2), in Block Five (5), in Kellogg's Addition to the City of Keytesville.

Which said conveyance was made in trust to secure the payment of one certain promissory note in said deed of trust described; and, whereas, said note has become due and remains unpaid; and, whereas, said deed provides that in case of the absence, death, or refusal, or disability in anywise of the said trustee to act, the Sheriff of Chariton County may proceed to sell the property in compliance with the terms of said deed; and, whereas, H. C. Miller, said trustee, refuses to act in the premises, now, therefore, at the request of the legal holder of said note, and in pursuance of the terms of said deed of trust, I will, on Friday, the 4th day of October, A. D., 1918 between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of that day, at the east front door of the Court House in the town of Keytesville, Chariton County, Missouri, expose to sale the above described property, at public vendue, to the highest bidder, for cash, for the purpose of satisfying said note and paying the costs and expenses of executing this trust.

Robert E. Hurt,  
Sheriff of Chariton County, Mo.  
33-36

Jim Leach of Forrest Green while digging a well east of the Lutheran church west of Lewis Mill, the depth of at 13 feet found a section of the back bone of some curious animal. The vertebra is about an inch and a half long, has what appears to have been flat ribs and to have belonged to an animal several feet in length. The sections of the bones would crumble to dust when an attempt to pick them up was made. The bones were in hard dirt and in the neighborhood of a mound where a number of Indian relics have been found.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Mrs. W. G. Agee came from Kansas City for a visit to her old boarders last Friday. They were delighted to see her. Mrs. Agee is much pleased with the city as a fine place to live and do good business. She will remain in the city until the holidays at least.

## ONE WEAK SPOT

Many Keytesville People Have a Weak Part and Too Often It's the Back. Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Mrs. J. P. Pemberton 569 S. Lafayette St., Marshall, Mo., says: "Every now and then I have had soreness and lameness across the small of my back, which has given me annoyance. I was bothered whenever I stooped and straightened up again and I have also had headaches and dizzy spells. Doan's Kidney Pills have always given me prompt relief and I gladly endorse them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pemberton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Albert Rafferty whose home will again be on the upper Mueselfork, arrived Thursday last week from Camp Funston where he served some time as a soldier but failed to pass the final examination on account of being short his thumb on the right hand. The entire thumb is gone back to the wrist and he could not be used in any capacity, so the authorities concluded and he was given an honorable discharge and sent to help raise something for the boys who are accepted.

A. G. Arrington came from St. Louis Saturday for a short visit to relatives.

## IRRITABLE NERVOUS

Was Condition of Indiana Lady Before Beginning to Take Card-u-i, the Woman's Tonic.

Kokomo, Ind.—Mrs. H. Hankemeier, of this town, says: "I look so well, and am so well, that it does not seem as if I ever needed Cardui. But I was not always this way. I think I have taken a dozen bottles before my little girl came."

I was feeling dreadfully bad, had headache, backache, sick at my stomach, no energy. I was very irritable, too, and nervous.

I began taking Cardui about 6 months before my baby came. As a result all those bad feelings left me, and I just felt grand, just as if nothing at all was the matter, and when the end came I was hardly sick at all.

Since that I have never taken Cardui at all. It has done me good, and I know it will help others, if they will only try it."

Many women have written grateful letters like the above, telling of the good that Cardui has done them. Why should it not help you, too? If you suffer from any of the ailments so common to women, and feel the need of a safe, reliable, strengthening tonic, we urge you to begin today and give Cardui a fair trial. Your dealer sells Card-u-i. EB-10

### Student's Army Training Corps

The S. A. T. C.—Student's Army Training Corps—has just been established by the National Government for the purpose of utilizing qualified institutions for selecting and training officers and technical experts for service in the emergency created by the war. It includes a Collegiate Section and a Vocational Section and both sections have been established in the Missouri State Military School. Students enter the S. A. T. C. by Voluntary Induction or Draft.

For entrance to the Collegiate Section one must be between 18 and 45 years old, be physically fit to perform full or limited military duty, and be a graduate of a four year course in high school or have equivalent education. Admission takes place by the usual methods of entering the University of Missouri, by certificate or examination.

For admission to the Vocational Section one must have a grammar school education, and application should be made through a local draft board.

Upon admission a student becomes a soldier in the Army of the United States. As such he is furnished with military uniform and equipment, is given board and lodging, and, in addition, is paid \$30 a month. He is given military and academic instruction and is at all times under military discipline.

From time to time as needs of the service require and the qualifications of the individual student justify, members are selected

### SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapiesin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

ed to attend a central officers' training camp, a non-commissioned officers' training school, a depot brigade, or ordered to continue in further training at the Military School in special or technical lines. The preference of members as to the branch of the service that they ultimately enter will be given consideration as far as military needs will permit.

Students who are qualified to enter the University of Missouri but are not eligible for admission to the S. A. T. C., for instance high school graduates under 18 years old, will be permitted to select the same courses in military and academic branches and thus prepare themselves for better rating in the S. A. T. C. when they become eligible for induction.

## HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From  
Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINE B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.
